QUESTIONS & ANSWERS ON VOTING PROCEDURES

Who is entitled to vote at the Annual Meeting, and how many votes do they have?

Holders of record of our units (including common units and Class B units) who owned units as of the close of business on March 13, 2009 may vote at the meeting. Each unit has one vote. There were 12,565,873 units outstanding on that date.

When were the enclosed solicitation materials first given to Unitholders?

The enclosed 2008 Annual Report, together with the Notice of Annual Meeting and Proxy Statement, were first made available on the internet at www.proxyvote.com on March 27, 2009.

What is a quorum of Unitholders?

A quorum is the presence at the Annual Meeting in person or by proxy of Unitholders entitled to cast a majority of all the votes entitled to be cast. Since there were 12,565,873 units outstanding on March 13, 2009, the presence of holders of 6,282,937 units is a quorum. We must have a quorum to conduct the meeting.

How many votes does it take to pass each matter?

If a quorum of Unitholders is present at the meeting, we need:

- a plurality of all the votes cast to elect each director nominee; and
- a majority of all the votes cast to ratify the appointment of BDO Seidman, LLP as our independent registered public accounting firm.

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes count for purposes of determining the presence of a quorum. For all matters, abstentions and broker non-votes will not have any effect on the result of the vote.

How do I vote?

Unitholders of Record: Unitholders of record may vote their units or submit a proxy to have their units voted by one of the following methods:

- By Internet. You may submit a proxy electronically on the internet by following the instructions provided in the Notice of Availability of Proxy Materials. Please have the Notice of Availability of Proxy Materials in hand when you log onto the website. Internet voting facilities will be available 24 hours a day and will close at 11:59 p.m. Houston time on May 11, 2009.
- In Person. You may vote in person at the Annual Meeting by completing a ballot; however, attending the meeting without completing a ballot will not count as a vote.
- By Telephone. If you request paper copies of the proxy materials by mail, you may submit a proxy by telephone (from U.S. and Canada only) using the toll-free number listed on the proxy card. Please have your proxy card in hand when you call. Telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m. Houston time on May 11, 2009.
- By Mail. If you request paper copies of the proxy materials by mail, you may indicate your vote by completing, signing and dating your proxy card and returning it in the enclosed reply envelope.

Street Name Unitholders: Street name Unitholders may generally vote their units or submit a proxy to have their units voted by one of the following methods:

- By Mail. If you request paper copies of the proxy materials by mail, you may indicate your vote by completing, signing and dating your proxy card and returning it in the enclosed reply envelope.
- By Methods Listed on Proxy Card. Please refer to your proxy card or other information forwarded by your bank, broker or other holder of record to determine whether you may submit a proxy by telephone or electronically on the internet, following the instructions on the proxy card or other information provided by the record holder.
- In Person with a Proxy from the Record Holder. You may vote in person at the Annual Meeting if you obtain a legal proxy from your bank, broker or other nominee. Please consult the voting form or other information sent to you by your bank, broker or other nominee to determine how to obtain a legal proxy in order to vote in person at the Annual Meeting.

If my units are held in “street name” by my broker, will my broker vote my units for me?

If your units are held in a brokerage account, you will receive a full meeting package including a voting instructions form to vote your units. Your brokerage firm may permit you to provide voting instructions by telephone or by the internet. Brokerage firms have the authority under rules to vote their clients’ unvoted units on certain routine matters. The matters covered by each proposal are considered routine matters under the rules of the NYSE Arca. Therefore, if you do not vote on either proposal, your brokerage firm may choose to vote for you or leave your units unvoted. We urge you to respond to your brokerage firm so that your vote will be cast in accordance with your instructions.

How will my proxy vote my units?

If you properly submit your proxy and voting instructions by mail, telephone or internet, as applicable, your units will be voted as you direct. If you submit your proxy by mail, telephone or internet, as applicable, but do not specify how you want your units voted, they will be voted “FOR” the election of each director nominee and “FOR” the ratification of the appointment of our independent registered public accounting firm. Also, you will give your proxies authority to vote, using their discretion, on any other business that properly comes before the meeting, including to adjourn the meeting.

Can I vote by proxy even if I plan to attend the Annual Meeting?

Yes. If you vote by proxy and decide to attend the Annual Meeting, you do not need to fill out a ballot at the meeting, unless you want to change your vote.

Can I vote by proxy or change my vote?

Yes. If you are a Unitholder of record, you can revoke your proxy or change your vote at any time before your proxy is exercised by:

- submitting written notice to our Secretary at Vanguard Natural Resources, LLC, 7700 San Felipe, Suite 485, Houston, Texas 77063 no later than May 11, 2009 that you are revoking your proxy or changing your vote;
- submitting another proxy with new voting instructions by telephone or the internet voting system; or
- attending the meeting and voting your units in person.

If you are a street name Unitholder and you vote by proxy, you may change your vote by submitting new voting instructions to you bank, broker or nominee in accordance with that entity’s procedures.

Who is soliciting my proxy, how is it being solicited, and who pays the cost?

Vanguard Natural Resources, LLC on behalf of the Board of Directors, through its directors, officers and employees, is soliciting proxies primarily by Notice of Internet Availability of Proxy Materials. However, proxies may also be solicited in person, by mail, by telephone or facsimile. We pay the cost of soliciting proxies.

MATTERS YOU ARE VOTING ON

Proposal No. 1: Election of Directors

The Board of Directors consists of six directors who are elected by the Unitholders. Each of the six current directors has been nominated by the Board of Directors for election as a director at the 2009 annual meeting to serve until the 2010 Annual Meeting of Unitholders and until their respective successors are elected and qualified. Each of the nominated directors agrees to serve if elected. However, if for some reason one of them is unable to serve or for good cause will not serve, your proxies will vote for the election of another person nominated by the Board of Directors. Biographical information for each of the nominees and other information about them is presented beginning on page 5. *The Board of Directors recommends a vote "FOR" each director nominee.*

Proposal No. 2: Ratification of BDO Seidman, LLP as Independent Registered Public Accounting Firm for 2009

This proposal is to ratify our appointment of BDO Seidman, LLP as our independent registered public accounting firm for 2009. See Proposal No. 2 on page 34. *The Board of Directors recommends a vote "FOR" this proposal.*

Other Business Matters

The Board of Directors is not aware of any other business for the annual meeting. However:

- if any of the persons nominated to serve as directors are unable to serve or for good cause will not serve and the Board of Directors designates a substitute nominee,
- if any Unitholders' proposal is properly presented for action at the meeting, or
- if any matters concerning the conduct of the meeting are presented for action,

then Unitholders present at the meeting may vote on such items. If you are represented by proxy, your proxy will vote your units using his or her discretion.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Directors are elected each year at the Annual Meeting of Unitholders. All six of our current directors have been nominated to stand for re-election at the Annual Meeting. We encourage our director nominees to attend our annual meetings to provide an opportunity for Unitholders to communicate directly with directors about issues affecting our company. We anticipate that all director nominees will attend the Annual Meeting.

At the Annual Meeting, our Unitholders will consider and act upon a proposal to elect six directors to our Board of Directors to serve until the 2010 Annual Meeting of Unitholders.

Required Vote; Recommendation of the Board of Directors

Directors are elected by a plurality of the votes cast, assuming a quorum is present. Abstentions and broker non-votes have no effect on this proposal, except they will be counted as having been present for purposes of determining the presence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT UNITHOLDERS VOTE FOR THE ELECTION OF EACH OF THE BOARD OF DIRECTORS' DIRECTOR NOMINEES. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED FOR EACH OF THE BOARD OF DIRECTORS' NOMINEES.

Determination of Independence

A majority of our directors are required to be independent in accordance with NYSE Arca listing standards. For a director to be considered independent, the Board of Directors must affirmatively determine that such director has no material relationship with us. When assessing the materiality of a director's relationship with us, the Board of Directors considers the issue from both the standpoint of the director and from that of persons and organizations with whom or with which the director has an affiliation. The Board of Directors has adopted standards to assist it in determining if a director is independent. A director shall be deemed to have a material relationship with us and shall not be deemed to be an independent director if:

- the director has been an employee, or an immediate family member of the director has been an executive officer, of us at any time during the past three years;
- the director has received, or an immediate family member of the director has received, more than \$120,000 in any twelve month period in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), at any time during the past three years;
- the director has been affiliated with or employed by, or an immediate family member of the director has been affiliated with or employed in a professional capacity by, a present or former internal or external auditor of us at any time during the past three years;
- the director has been employed, or an immediate family member of the director has been employed, as an executive officer of another company where any of our present executives serve on that company's compensation committee at any time during the past three years; or
- the director has been an executive officer or an employee, or an immediate family member of the director has been an executive officer, of a company that makes payments to, or receives payments from, us for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000, or 2% of such other company's consolidated gross revenues, at any time during the past three years.

The Board of Directors has determined that each of Messrs. Anderson, Singletary, McCullough and McGoldrick is independent under the NYSE Arca listing standards. In addition, the audit, compensation and nominating and corporate governance committees are composed entirely of independent directors in accordance with NYSE Arca listing standards, SEC requirements and other applicable laws, rules and regulations. There are no transactions, relationships or other arrangements between us and our independent directors that need to be considered under the NYSE Arca listing standards in determining that such directors are independent.

Corporate Governance

During 2008, our Board of Directors held 5 regular and 2 special meetings. The standing committees of our Board of Directors held an aggregate of 13 meetings during this period. Each director attended at least 86% of the aggregate number of meetings of the Board of Directors and the committees on which he served.

The Corporate Governance Guidelines adopted by our Board of Directors provide that the independent directors will meet in executive session after each regular meeting of the Board of Directors, or more frequently if necessary. The Chairman of our Board chairs these executive sessions of the independent directors.

As required by the NYSE Arca corporate governance listing standards, Scott W. Smith, our President and Chief Executive Officer, will timely provide the annual certification to the NYSE Arca that as of the date of the certification, he is not aware of any violation by Vanguard Natural Resources, LLC of the exchange's corporate governance standards. Our Chief Executive Officer and Chief Financial Officer have each signed and filed the certifications under Section 302 of the Sarbanes-Oxley Act of 2002 with our Annual Report on Form 10-K, which was filed with the SEC on March 11, 2009.

We maintain on our website, www.vnrllc.com, copies of the charters of each of the committees of the Board of Directors, as well as copies of our Corporate Governance Guidelines, Code of Ethics for Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer, and Code of Business Conduct and Ethics. Copies of these documents are also available in print upon request of our Secretary. The Code of Business Conduct and Ethics provides guidance on a wide range of conduct, conflicts of interest and legal compliance issues for all of our directors, officers and employees, including the chief executive officer, chief financial officer and chief accounting officer. We will post any amendments to, or waivers of, the Code of Business Conduct and Ethics applicable to our Chief Executive Officer, Chief Financial Officer or Principal Accounting Officer on our website.

Committees of the Board of Directors

Audit Committee. As described in the audit committee charter, the audit committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent public accountants to audit our financial statements, including assessing the independent auditor's qualifications and independence, and establishes the scope of, and oversee, the annual audit. The committee also approves any other services provided by public accounting firms. The audit committee provides assistance to the Board of Directors in fulfilling its oversight responsibility to the Unitholders, the investment community and others relating to the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditor's qualifications and independence and the performance of our internal audit function. The audit committee oversees our system of disclosure controls and procedures and system of internal controls regarding financial accounting, legal compliance and ethics that management and our Board of Directors established. In doing so, it will be the responsibility of the audit committee to maintain free and open communication between the committee and our independent auditors, the internal accounting function and management of our company.

The Board of Directors has determined that the chairman of the audit committee is an "audit committee financial expert" as that term is defined in the applicable rules of the SEC. Mr. Anderson is Chairman, and Messrs. Singletary and McCullough are members. During 2008, the audit committee held 7 meetings.

The report of our audit committee appears under the heading "Report of the Audit Committee" below.

Compensation Committee. As described in the compensation committee charter, the compensation committee establishes and reviews general policies related to our compensation and benefits. The compensation committee determines and approves, or makes recommendations to the Board of Directors with respect to, the compensation and benefits of our Board of Directors and executive officers and administers our Long Term Incentive Plan.

Mr. McGoldrick is Chairman, and Messrs. Singletary and McCullough are members. During 2008, the compensation committee held 4 meetings.

The report of our compensation committee appears under the heading "Report of the Compensation Committee" below.

Conflicts Committee. Our Board of Directors has established a conflicts committee to review specific matters that the Board of Directors believes may involve conflicts of interest, including transactions with related persons such as Vinland Energy Eastern, LLC or its subsidiaries or affiliates (together, "Vinland") or our directors and executive officers. The conflicts committee determines if the resolution of the conflict of interest is fair and reasonable to our company. Our limited liability company agreement provides that members of the conflicts committee may not be officers or employees of our company, or directors, officers or employees of any of our affiliates, and must meet the independence standards for service on an audit committee of a board of directors as established by NYSE Arca and SEC rules. Any matters approved by the conflicts committee will be conclusively deemed to be fair and reasonable to our company and approved by all of our Unitholders. However, the Board of Directors is not required by the terms of our limited liability company agreement to submit the resolution of a potential conflict of interest to the conflicts committee, and may itself resolve such conflict of interest if the Board of Directors determines that (i) the terms of the related person transaction are no less favorable to us than those generally being provided to or available from unrelated third parties or (ii) the transaction is fair and reasonable to us, taking into account the totality of the relationships between the parties involved. Any matters approved by the Board of Directors in this manner will be deemed approved by all of our Unitholders.

Mr. Singletary is Chairman, and Messrs. McGoldrick and Anderson are members. During 2008, the conflicts committee held 1 meeting.

Nominating and Corporate Governance Committee. As described in the nominating and governance committee charter, the nominating and governance committee nominates candidates to serve on our Board of Directors. The nominating and governance committee is also responsible for monitoring a process to review director, board and committee effectiveness, developing and implementing our corporate governance guidelines, committee members and committee chairpersons and otherwise taking a leadership role in shaping the corporate governance of our company.

Mr. McCullough is Chairman, and Messrs. McGoldrick and Anderson are members. During 2008, the nominating and corporate governance committee held 1 meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file initial reports of ownership of our equity securities and reports of changes in ownership of our equity securities with the SEC. Such persons are also required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and written representations from our executive officers and directors, we believe that during 2008 all Section 16(a) reporting persons complied with all applicable filing requirements in a timely manner.

Nominations for Director

The Board of Directors seeks diverse candidates who possess the background, skills and expertise to make a significant contribution to the Board of Directors, us and our Unitholders. Annually, the nominating and corporate governance committee reviews the qualifications and backgrounds of the directors, as well as the overall composition of the Board of Directors, and recommends to the full Board of Directors the slate of director candidates to be nominated for election at the next Annual Meeting of Unitholders. The Board of Directors has adopted a policy whereby the nominating and corporate governance committee shall consider the recommendations of Unitholders with respect to candidates for election to the Board of Directors and the process and criteria for such candidates shall be the same as those currently used by us for director candidates recommended by the Board of Directors or management.

[Table of Contents](#)

Our Corporate Governance Guidelines, a copy of which is maintained on our website, www.vnrllc.com, include the following criteria that are to be considered by the nominating and corporate governance committee and Board of Directors in considering candidates for nomination to the Board of Directors:

- has the business and/or professional knowledge and experience applicable to us, our business and the goals and perspectives of our Unitholders;
- is well regarded in the community, with a long-term, good reputation for highest ethical standards;
- has good common sense and judgment;
- has a positive record of accomplishment in present and prior positions;
- has an excellent reputation for preparation, attendance, participation, interest and initiative on other boards on which he or she may serve; and
- has the time, energy, interest and willingness to become involved with us and our future.

A Unitholder who wishes to recommend to the nominating and corporate governance committee a nominee for director for the 2010 Annual Meeting of Unitholders should submit the recommendation in writing to our Secretary at Vanguard Natural Resources, LLC, 7700 San Felipe, Suite 485, Houston, Texas 77063 so it is received on or before December 27, 2009 but not earlier than November 27, 2009.

Unitholder Communications

The Board of Directors has adopted a policy whereby any communications from our Unitholders to the Board of Directors shall be directed to our Secretary, who shall (i) determine whether any of such communications are significant, and promptly forward significant communications to the Board of Directors, and (ii) keep a record of all Unitholder communications that the Secretary deems not to be significant and report such communications to the Board of Directors on a periodic basis, but not less frequently than quarterly.

Any Unitholder who wishes to communicate to the Board of Directors may submit such communication in writing to our Secretary at Vanguard Natural Resources, LLC, 7700 San Felipe, Suite 485, Houston, Texas 77063.

Compensation of Directors

Each independent member of our Board of Directors receives Class B units or restricted common units upon becoming a director. Beginning with 2009, the amount of compensation paid to the independent members of our Board of Directors is \$10,000 per quarter and an additional \$2,500 per quarter for the chairman of the audit committee. In 2008, the amount of compensation paid to the independent members of our Board of Directors was \$7,500 per quarter and an additional \$2,500 per quarter for the chairman of the audit committee. In addition, each independent member of our Board of Directors is reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees.

Each director is fully indemnified by us for actions associated with being a member of our Board of Directors to the extent permitted under Delaware law and as provided in our limited liability company agreement. The Company also carries directors and officers liability coverage designed to insure the directors and officers of the Company and its subsidiaries against certain liabilities incurred by them in the performance of their duties. Additionally, in August 2008 we entered into an indemnification agreement with each of our current Board members, a form of which is included as Exhibit 10.32 of our Quarterly Report on Form 10-Q for the three months ended July 30, 2008. Additional information on director compensation is presented in "Director Compensation" beginning on page 30. Prior to our initial public offering in October 2007, there were no compensation arrangements in effect for service as a director of our company.

Compensation Committee Interlocks and Insider Participation

Messrs. McGoldrick, Singletary and McCullough currently serve as members of the compensation committee and each are “independent” directors as defined by the NYSE Arca listing standards. No member of the compensation committee has any relationship with our company that is required to be disclosed in any of the reports that we file with the SEC other than service on our Board of Directors. None of our executive officers serves as a member of the Board of Directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or compensation committee.

Related Person Transactions

We have adopted an ethics policy which requires that related party transactions be reviewed to ensure that they are fair and reasonable to us. This requirement is also contained in our limited liability company agreement. Whenever a conflict arises between Vinland or Majeed S. Nami, the sole owner of Vinland (“Nami”), on the one hand, and us or any other Unitholder, on the other hand, our Board of Directors will resolve that conflict. We anticipate that our Board of Directors will submit for review and approval by our conflicts committee any material agreement that we enter into with Nami.

On April 18, 2007 but effective January 5, 2007, we entered into several agreements with Vinland pursuant to which Vinland would operate all of our existing Appalachian wells and coordinate our development drilling program in Appalachia and provide management services to us. The terms of each of these agreements were negotiated between us and Vinland. Because these agreements were negotiated prior to the adoption of the ethics policy discussed above, they were not approved by our conflicts committee as contemplated by that policy. Because of our related party affiliation with Vinland, these agreements, and future agreements with Vinland, may not contain the most competitive terms available to us. In addition, by purchasing common units, Unitholders become bound by the provisions of our limited liability company agreement, including the related party agreements provided for therein, and a Unitholder will be deemed to have consented to some actions and conflicts of interest that might otherwise constitute a breach of fiduciary or other duties under applicable law.

Management Services Agreement

On April 18, 2007 but effective as of January 5, 2007, we entered into a management services agreement and participation agreement with Vinland, under which we believe that we will benefit from the substantial expertise of Vinland’s management in the Appalachian Basin. Under the management services agreement, Vinland advises and consults with us regarding all aspects of our production and development operations in Appalachia, and provides us with administrative support services as necessary for the operation of our business in Appalachia. We are dependent on Vinland for management of our Appalachian operations and, pursuant to the management services agreement, we pay Vinland a monthly fee of \$60 for each of our Appalachian producing wells within an approximate 750,000 acre area, which we refer to as the “area of mutual interest,” or AMI, in return for the administrative support services contemplated in the agreement and we also reimburse Vinland for the reasonable costs of any additional services it provides to us. When we determined the amount of the monthly fee to pay Vinland, we considered Vinland’s costs to provide us with such services, how much it would cost for us to perform such services internally and how much a third party would charge us to perform such services. We believe that the \$60 monthly fee reimburses Vinland for its actual costs for providing these services to us, and we believe that \$60 is less than the amount it would cost for us to perform these services or to hire a third party to perform these services. In addition, Vinland may, but does not have any obligation to, provide us with acquisition services under the management services agreement. During the year ended December 31, 2008, we paid Vinland \$0.6 million pursuant to the management services agreement.

Participation Agreement

Pursuant to our participation agreement with Vinland, Vinland has general control over our drilling program in Appalachia and has the sole right to determine which wells are drilled until January 1, 2011. During this period, when favorable conditions for drilling exist, we will meet with Vinland on a quarterly basis to review Vinland’s proposal to drill not less than 25 nor more than 40 gross wells, in which we will own an approximate 40% working interest, in any quarter. Up to 20% of the proposed wells may be carried over and added to the wells to be drilled in the subsequent quarter, provided that Vinland is required to drill at least 100 gross wells per calendar year. If Vinland proposes the drilling of less than 25 gross wells in any quarter we have the right to direct the drilling of up to a total of 14 wells, in which we will own an approximate 100% working interest, in a given quarterly period. If Vinland drills its minimum commitment, we do not have the ability to drill our own additional wells in the AMI. If either party elects not to participate in the drilling of the proposed wells or future operations with respect to drilled wells and such drilling or operations are performed within the calendar quarter as proposed, such party forfeits all right, title and interest in the natural gas and oil production that may be produced from such wells. We anticipate that, given existing market conditions, neither party will propose or participate in any drilling until favorable conditions for drilling exist. The participation agreement will remain in place until January 5, 2012 and shall continue thereafter on a year to year basis until such time as either party elects to terminate the agreement. The obligations of the parties with respect to the drilling program described above will expire on January 1, 2011, after which we each will have the right to propose the drilling of wells within the AMI and thereby offer participation in such proposed drilling to the other party and if either party elects not to participate in such proposed drilling operation or future operations with respect to drilled wells, such party forfeits all right, title and interest in the natural gas and oil production that may be produced from such wells. During the year ended December 31, 2008, we paid our share of the costs associated with the drilling program under the participation agreement, which was \$7.4 million.

Gathering and Compression Agreements

On April 18, 2007 but effective as of January 5, 2007, we entered into gathering and compression agreements with an affiliate of Vinland, Vinland Energy Gathering, LLC (“Vinland Gathering”). Under these agreements, Vinland Gathering gathers, compresses, delivers and provides the services necessary for us to market our natural gas production in the area of mutual interest, or AMI. Vinland Gathering delivers our natural gas production to certain designated interconnects with third-party transporters. We pay Vinland Gathering a fee of \$0.25 per Mcf, plus our proportionate share of fuel and line loss for producing wells as of January 5, 2007. For all wells drilled after January 5, 2007 we pay Vinland Gathering a fee of \$0.55 per Mcf, plus our proportionate share of fuel and line loss. When we determined the fee of \$0.25 per Mcf, we considered Vinland Gathering’s costs to provide us with such services and how much a third party would charge us to perform such services. We determined that a fee of \$0.25 per Mcf reimburses Vinland Gathering for its actual costs for providing these services to us and is less than the amount that a third party would charge us to perform these services. When we determined the fee of \$0.55 per Mcf, we considered the incremental capital costs that Vinland Gathering would incur as a result of connecting new wells to the system, and we adjusted the fee accordingly. The gathering and compression rates will increase by 11% on January 1, 2011, and shall be adjusted annually thereafter based on a published wage index adjustment factor. During the year ended December 31, 2008, we paid Vinland Gathering \$1.0 million pursuant to the gathering and compression agreement.

Following our initial public offering, we also assumed certain transportation agreements that Vinland had with Delta Natural Gas with respect to volumes of gas produced in Kentucky. Delta receives gas from various interconnects with Vinland and redelivers said volumes to Columbia Gas Transmission. We pay Delta \$0.27 per MMBtu plus a fuel charge equal to 2% of volume for this transportation service.

In addition, following our initial public offering, we assumed 7,000 MMBtu/day of firm transportation that Vinland had on the Columbia Gas Transmission system. We pay Columbia Gas \$0.22 per MMBtu plus a fuel charge equal to 2% of volume for this firm transportation right.

Operating Agreements and Well Services Agreements

All wells drilled under the participation agreement are subject to an operating agreement and accompanying accounting procedures whereby Vinland is the operator of such wells. Failure of any working interest owner to participate in future operations will result in forfeiture of its interest in the applicable well. All proved developed producing wells that are owned by us in Appalachia are operated by Vinland pursuant to a well services agreement and accompanying accounting procedures. Vinland contracts for substantially all services provided under this agreement with third-party contractors.

Indemnity Agreement

In connection with the separation of our operating company and Vinland (the “Restructuring Plan”), we entered into an indemnity agreement with Nami Resources, LLC and Vinland wherein Nami Resources, LLC and Vinland agreed to indemnify one of our subsidiaries, Trust Energy Company, LLC, for all liabilities, judgments and damages that may arise in connection with certain litigation that Nami Resources, LLC is a party to, *Asher Land and Mineral, Ltd. V. Nami Resources Company, LLC*, Bell Circuit Court, Civil Action No. 06-CI-00566. On September 11, 2007, the indemnity agreement was amended to add us and Vanguard Natural Gas, LLC as parties to the agreement. In addition, Nami Resources, LLC and Vinland agreed to provide for the defense of any such claims against us. The indemnities agreed to by Nami Resources, LLC and Vinland in this agreement will remain in place until the resolution of the Asher litigation.

Revenue Payment Agreement

We own a contract right from Vinland to receive approximately 99% of the net proceeds, after deducting royalties paid to other parties, severance taxes, third-party transportation costs, costs incurred in the operation of wells and overhead costs, from the sale of production from certain producing oil and gas wells located within the Asher lease, which accounted for approximately 2.6% of our estimated proved reserves as of December 31, 2008. During the year ended December 31, 2008, we have received revenue payments of \$2.0 million pursuant to this agreement.

Omnibus Agreement

Upon the closing of our initial public offering, we entered into an omnibus agreement with Nami. Under the omnibus agreement, Nami agreed to indemnify us after the closing of the initial public offering against certain liabilities relating to:

- until 60 days after the applicable statute of limitations, any of our income tax liabilities, or any income tax liability attributable to the operation of our properties or those of any of our subsidiaries, including taxes resulting from the consummation of our formation or the Restructuring Plan, in each case relating to periods prior to and including the closing of our private equity offering in April 2007;
- for a period of one year after the closing of our private equity offering in April 2007, the failure to have all necessary consents and governmental permits where such failure renders us unable to use and operate our assets in substantially the same manner in which they were used and operated immediately prior to the closing of our private equity offering in April 2007, provided that (i) the aggregate amount payable to us pursuant to this bullet point does not exceed \$1,000,000 and (ii) amounts are only payable to us pursuant to this bullet point after liabilities relating to this bullet point have exceeded \$250,000;
- for a period of three years after the closing of our private equity offering in April 2007, our failure to have good and defeasible title to our assets as required to operate our assets in the manner operated at the time of our initial public offering, provided that (i) the aggregate amount payable to us pursuant to this bullet point does not exceed (A) \$15,000,000 for claims relating to this bullet point made before the end of the first year, (B) \$12,500,000 for claims relating to this bullet point made before the end of the second year and (C) \$10,000,000 for claims relating to this bullet point made before the end of the third year and (ii) amounts are only payable to us pursuant to this bullet point after liabilities relating to this bullet point have exceeded \$250,000;
- for a period of three years after the closing of our private equity offering in April 2007, environmental liabilities relating to periods prior to the closing of our private equity offering in April 2007, including (i) any violation or correction of violation of environmental laws associated with our assets, where a correction of violation would include assessment, investigation, monitoring, remediation, or other similar action and (ii) any event, omission or condition associated with the ownership of our assets (including presence of hazardous materials), including (A) the cost and expense of any assessment, investigation, monitoring, remediation or other similar action and (B) the cost and expense of any environmental or toxic tort litigation, provided that (i) the aggregate amount payable to us pursuant to this bullet point does not exceed \$1,500,000 and (ii) amounts are only payable to us pursuant to this bullet point after liabilities relating to this bullet point have exceeded \$250,000; and
- until April 18, 2009, all assets and liabilities we conveyed in the Restructuring Plan to Vinland or its affiliates, provided that the aggregate amount payable to us pursuant to this bullet point does not exceed \$250,000.

Report of the Audit Committee

The role of the audit committee of the Board of Directors is to assist the Board of Directors in its oversight of Vanguard's responsibility relating to: (i) the integrity of Vanguard's financial statements; (ii) compliance with legal and regulatory requirements; (iii) the independent registered public accounting firm's qualifications and independence; (iv) the performance of Vanguard's internal auditors and independent registered public accounting firm; (v) risk assessment; and (vi) risk management. We operate pursuant to a charter that was created by Vanguard's Board of Directors in October 2007 and amended and restated in January 2009, a copy of which is available on Vanguard's website at www.vnrlc.com. Vanguard's management is responsible for the preparation, presentation and integrity of Vanguard's financial statements, accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for auditing Vanguard's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. The independent registered public accounting firm has free access to the audit committee to discuss any matters they deem appropriate.

In the performance of our oversight function, we have considered and discussed the audited financial statements with management and the independent registered public accounting firm. We rely without independent verification on the information provided to us and on the representations made by management and the independent registered public accounting firm. We have discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, we have received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Oversight Board, Independence Discussions with Audit Committees, as currently in effect, and have considered whether the provision of non-audit services by the independent registered public accounting firm to Vanguard is compatible with maintaining the independent registered public accounting firm's independence and have discussed with the independent registered public accounting firm the independent registered public accounting firm's independence.

Based upon the reports and discussions described in this report, we recommended to the Board of Directors that the audited financial statements be included in Vanguard's Annual Report on Form 10-K for the year ended December 31, 2008 filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides information about our compensation objectives and policies for our executive officers, including the named executive officers. The named executive officers for the 2008 year, and the individuals included in our Summary Compensation Table below, are:

- Scott Smith, our President and Chief Executive Officer;
- Richard Robert, our Executive Vice President, Chief Financial Officer and Secretary; and
- Britt Pence, our Vice President of Engineering.

Summary

We have not historically utilized a formalized program for determining executive compensation. Instead, each of our named executive officers received most of their compensation according to the provisions within their individual employment agreements that were negotiated in connection with the beginning of their employment. For each of the named executive officers, our Board of Directors approved the employment agreement and the terms negotiated at the time of the individual's employment, and considered the specific circumstances of both the individual executive's position and expected duties and the company's goals to hiring and retaining that executive. Each of our named executive officers entered into their applicable employment agreement prior to our initial public offering and prior to the formation of our compensation committee.

Our Board of Directors formally established a compensation committee in 2007 in connection with the completion of our initial public offering to both administer our existing employment agreements and executive compensation plans, and to make compensation-related decisions regarding our executive officers, including the named executive officers, on a going forward basis. The compensation committee employed Longnecker & Associates ("Longnecker") in November of 2008 to provide it with assistance in collecting and analyzing market data that would be relevant in both determining whether existing compensation policies were competitive within our industry, and in making future compensation decisions for our named executive officers and directors.

As reflected by our executive's employment agreements and our executive compensation plans, our primary goal with respect to executive compensation has been to attract and retain the most talented and dedicated executives possible. We also intend to link annual and long-term cash incentives to the achievement of specified performance objectives and to align executives' incentives with creation of Unitholder value. To achieve these goals, we expect and intend for our compensation committee to implement and maintain compensation plans that tie a portion of our executives' overall compensation to our financial and operational performance, as measured by our ability to generate stable cash flows allowing us to make quarterly cash distributions to our Unitholders and over time to increase our quarterly cash distributions. We expect that our compensation committee will evaluate individual executive performance with a goal of setting compensation levels it believes are comparable with executives in other companies of similar size and stage of development engaged in the acquisition and development of mature, long-lived natural gas and oil properties while also considering our relative performance and our own strategic goals.

The Compensation Committee

The compensation committee of our Board of Directors has overall responsibility for the approval, evaluation and oversight of all our compensation plans, policies and programs. The primary purpose of the compensation committee is to assist the Board of Directors in fulfilling its duties relating to compensation matters. The fundamental responsibilities of the compensation committee are (i) to establish our goals, objectives and policies relevant to the compensation of senior management, and evaluate performance in light of those goals to determine compensation levels, (ii) to approve and administer our incentive compensation plans, (iii) to set compensation levels and make awards under incentive compensation plans that are consistent with our compensation principles and the performance of our company and its senior management and employees, and (iv) prepare and review appropriate disclosures relating to compensation. The compensation committee also has responsibility for evaluating and making a recommendation to our Board of Directors regarding compensation for service on our Board of Directors.

The Compensation-Setting Process

Initial Executive Employment Agreements. Our current named executive officers received employment agreements prior to the establishment of the compensation committee, and thus prior to our current compensation-setting process. The employment agreements and compensation terms for each of our executive officers were generally established on the dates of hire by negotiation with the individual officer and by comparison to the compensation packages of similarly positioned officers of other companies in our industry, such as Linn Energy, LLC and Breitburn Energy Partners, L.P. Mr. Smith was our initial executive officer, and at the time of his hire date, Mr. Smith and Majeed S. Nami, as our sole owner at the time, negotiated Mr. Smith's compensation package. Mr. Smith and Mr. Nami also negotiated the compensation package of a potential Chief Financial Officer, and the aggregate amount of equity grants to be made to all of management, which consisted of the 420,000 Class B units issued prior to the completion of our initial public offering and the 40,000 common units issued to employees and/or directors following the completion of our initial public offering. Mr. Robert was hired in January 2007 and his employment agreement and compensation terms ultimately consisted of the terms previously negotiated between Mr. Smith and Mr. Nami in respect of the Chief Financial Officer. Mr. Pence was hired after the Restructuring Plan, and his employment agreement was negotiated between Mr. Pence and Mr. Smith and approved by the members of our Board of Directors in place at that time.

Compensation Committee Meetings. Our compensation committee meets annually in the fourth quarter and in the following first quarter of each fiscal year and also holds additional meetings as required to carry out its duties. The chairman of the compensation committee works with our Chief Executive Officer to establish each meeting agenda.

In March 2008, the compensation committee discussed the establishment of the following annual process for establishing executive compensation. This process commenced in November 2008, and will continue each year at the compensation committee's annual fourth quarter meeting where a determination will be made of base salaries for the succeeding calendar year. At each following regular first quarter meeting, the compensation committee will consider equity awards, either in the form of restricted unit grants or unit option awards or both under the Vanguard Natural Resources, LLC Long-Term Incentive Plan, or "LTIP," for the previous year based upon the achievement of individual and company financial objectives.

In March 2008, the compensation committee met and discussed compensation for our officers and directors for 2008. At the meeting, the compensation committee decided to (i) engage the services of a compensation consultant to finalize all 2008 financial company performance objectives and obtain approval of the objectives by our Board of Directors, (ii) postpone the determination of LTIP awards and changes to independent director compensation pending the engagement of the compensation consultant and (iii) increase the base salaries of each of Messrs. Smith, Robert and Pence to \$225,000 effective May 1, 2008. The compensation consultant chosen to assist the compensation committee with these tasks was Longnecker, as further described below.

In November 2008, the compensation committee met to discuss the executive compensation review prepared by Longnecker. The compensation committee accepted Longnecker's findings contained within the report, as well as Longnecker's main recommendation that no changes were necessary at that time to bring our named executive officers' compensation packages in line with the midpoint of comparable executives at other companies within our peer group.

The compensation committee also met in February 2009, in accordance with our compensation-setting procedures, where Mr. Smith presented a proposal regarding unit grants to various key employees. The compensation committee then determined, in an executive session without management present, that we should incentivize our employees by awarding the unit grants recommended by Mr. Smith. The compensation committee determined, however, that Messrs. Smith and Robert should not receive unit grants for 2009 year due to current market conditions, the executives' current level of compensation, and the recommendations for executive compensation as contained in Longnecker's executive compensation review from November of 2008.

When compensation decisions are not being considered, the compensation committee typically meets in the presence of our Chief Executive Officer and our Chief Financial Officer. Depending upon the agenda for a particular meeting, the compensation committee may also invite other executives to participate in compensation committee meetings. The compensation committee also meets in executive session without management. The chairman of the compensation committee works with our Chief Executive Officer to assemble meeting materials, which are distributed to compensation committee members for review in advance of each meeting.

Role of Executive Officers. Except with respect to his own compensation, our Chief Executive Officer, with advice from our other executive officers as appropriate, plays a significant role in the compensation committee's establishment of compensation levels for our executive officers. The most significant aspects of his role in the process are:

- evaluating performance;
- recommending financial objectives and individual objectives; and
- recommending base salary levels and LTIP awards.

With respect to compensation for all other named executive officers, the compensation committee meets with our Chief Executive Officer outside the presence of all our other executive officers. The compensation committee meets outside the presence of all of our executive officers to consider appropriate compensation for our Chief Executive Officer.

Role of Compensation Consultant. The compensation committee chose to employ Longnecker as its compensation consultant for the 2008 and 2009 years. Longnecker was directed to conduct a competitive market analysis of our top three executives' total compensation packages (our named executive officers), and to provide an independent, third-party executive compensation review concluding with analyses and recommendations for our existing compensation programs. The compensation committee instructed Longnecker to assess the competitiveness of our current compensation programs compared to peer companies within the energy industry with annual revenue levels and market capitalization similar to our current projected figures. Longnecker conducted its review by gathering compensation data from peer company proxy statements as well as public and private salary surveys. The peer companies (the "Peer Group") chosen by Longnecker for its general analysis were:

- Linn Energy, LLC
- HKN, Inc.
- Cano Petroleum
- Panhandle Oil and Gas Inc.
- GeoResources Inc. (GeoResources Inc. was utilized as a comparison within our peer group solely for purposes of comparing Mr. Smith's compensation packages to similar executives at peer companies)
- Abraxas Petroleum Corp.
- Breitburn Energy Partners L.P.
- Constellation Energy Partners LLC
- Encore Energy Partners LP
- Legacy Reserves LP
- Brigham Exploration Company
- Carrizo Oil & Gas, Inc.
- Edge Petroleum Corp.
- Callon Petroleum Company

Elements of Compensation

We have determined that our executives' compensation should consist of following elements:

Base Salary. Base salaries established for our named executive officers were generally established on the dates of hire by negotiation with the individual officer and by comparison to the compensation packages of similarly positioned officers of other companies in our industry, such as Linn Energy, LLC and Breitburn Energy Partners, L.P. We used the compensation packages of the executive officers of these companies as a starting point for our negotiations when the employment agreements for our officers were entered into. Following Longnecker's assistance in gathering information on comparable companies for these purposes, the compensation committee now will use the Peer Group for base salary comparisons until such time as our Board of Directors, the compensation committee or its independent consultant determines that the Peer Group is no longer an appropriate benchmark for such comparisons.

Incentive Compensation and our LTIP. We believe that long-term performance is achieved through an ownership culture that encourages long-term performance by our executive officers through the use of unit-based awards. We adopted the LTIP prior to the consummation of our initial public offering, which permits the grant of our units, unit options, restricted units, phantom units and unit appreciation rights; to date only unit options and restricted units have been granted under the LTIP. The compensation committee has the authority under the LTIP to award incentive compensation to our executive officers in such amounts and on such terms as the compensation committee determines in its sole discretion.

Incentive compensation is intended to compensate officers for achieving financial and operational goals and for achieving individual annual performance objectives. Currently, we do not maintain any incentive compensation plans based on pre-defined performance criteria. We expect that the compensation committee will implement and maintain one or more plans that are based on such criteria. Performance objectives are expected to vary depending on the individual executive, but are expected to relate generally to strategic factors such as expansion of our operations and to financial factors such as improving our results of operations and increasing our quarterly cash distributions. We expect such performance targets will include increases in our quarterly cash distributions to our Unitholders, proved reserves and production. The actual amount of incentive compensation for each year will be determined following a review of each executive's individual performance and contribution to our strategic goals conducted during the first quarter of the following year.

Additional Equity Compensation Grants. Pursuant to the terms of their employment agreements, Messrs. Smith and Robert are entitled to receive annual grants of phantom units in amounts equal to 1.0% of our units outstanding at that time. These grants are intended to reward these individuals for their prior service with our company and their efforts in connection with our previous initial public offering, to encourage performance following our initial public offering, and to align the interests of management with those of our Unitholders. Specific information and restrictions relating to these grants is contained in the Narrative Disclosure to the 2008 Summary Compensation Table.

Other Compensation. Our executive officers' employment agreements provide the executive with certain other benefits, including reimbursement of business and entertainment expenses. Each executive is eligible to participate in all benefit plans and programs that are or in the future may be available to other executive employees of our company, including any profit-sharing plan, thrift plan, health insurance or health care plan, disability insurance, pension plan, supplemental retirement plan, vacation and sick leave plan, and other similar plans. The compensation committee in its discretion may revise, amend or add to the officer's executive benefits and perquisites as it deems advisable. We believe that these benefits and perquisites are typically provided to senior executives of comparable companies in our industry.

2008 Executive Compensation Components

As described above, all of our named executive officers received most of their compensation under written employment agreements that were negotiated in connection with their employment. In each of these instances, our sole owner or Board of Directors approved the employment agreement and the terms negotiated at the time in light of specific circumstances, as all of the compensation decisions were made prior to our initial public offering and prior to the formation of our compensation committee. For the fiscal year ended December 31, 2008, the principal components of compensation for named executive officers were:

- Short-term compensation:
 - base salary
 - distributions on restricted Class B units and phantom unit awards
- Long-term equity compensation:
 - restricted Class B units
 - unit option grants
- Retirement and other benefits.

Base Salary

We provide our named executive officers and other employees with a base salary to provide them with a reasonable base level of monthly income relative to their role and responsibilities they perform during the fiscal year. Base salaries paid to our named executive officers in 2008 were initially established on the date of hire by negotiation with the individual officer and available market data. The base salaries of Messrs. Smith, Robert and Pence were increased from \$200,000 to \$225,000 on March 27, 2008 (effective May 1, 2008) by the compensation committee and remained at that level following the compensation committee's meeting in the first quarter of 2009.

Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries of our executives are based on the compensation committee's assessment of the individual's performance. During its review of base salaries for executives, the compensation committee will primarily consider:

- market data to be provided by outside consultants;
- internal review of the executive's compensation, both individually and relative to other executive officers; and
- individual performance of the executive.

The Longnecker executive compensation review revealed that in comparison to executive base salaries at our Peer Group, our named executive officers were receiving a base salary that was, averaged, at approximately 92% of the market midpoint. However, due to Longnecker's findings regarding our named executive officers' total compensation packages, as discussed below, the consultant and the compensation committee both agreed that no change to current salaries was necessary at this time.

Quarterly Cash Distributions on Unvested Restricted Unit Awards and Phantom Unit Awards

Participants, including our named executive officers, who receive restricted unit grants or phantom units grants under the LTIP receive distributions paid on the units awarded, with the units being retained in our custody and subject to restrictions on sale or transfer until after termination of employment. Alternatively, participants may elect to defer all or any portion of this benefit in the form of units with restricted transferability. Each of our named executive officers received the following distributions on their unvested restricted units in 2008:

Name	2008 Distributions on Unvested Restricted Units (1)	2008 Distributions on Phantom Units
Scott W. Smith	\$ 403,440	— (2)
Richard A. Robert	\$ 210,125	— (2)
Britt Pence	\$ 84,050	—

(1) These amounts represent distributions received by executive officers on unvested Class B Units granted pursuant to their respective employment agreements.

(2) As the value of our common units on December 31, 2008 was below the grant date value of Mr. Smith's and Mr. Robert's phantom units, no distributions were paid to Mr. Smith or Mr. Robert pursuant to their respective phantom units.

Long-Term Incentive Compensation

Our LTIP was adopted to incentivize and reward employees, consultants and directors and employees of our's and our affiliates who perform services for us. The LTIP consists of: unit grants, unit options, restricted units, phantom units and unit appreciation rights. The LTIP limits the number of units that may be delivered pursuant to awards to an aggregate of 1,000,000 units. The plan is administered by the compensation committee of our Board of Directors.

The long-term incentive plan does not provide for formulaic or automatic grants of any awards. It is a traditional omnibus plan, i.e., one that permits the grant of various types of awards (units, options, appreciation rights, restricted units and phantom units) as determined by our compensation committee, in its sole discretion. The LTIP is designed to give the compensation committee the maximum flexibility in determining when to grant awards, to whom awards will be granted, the type and amount of awards and the general terms (vesting, performance criteria and other matters) of each award. Awards may vary between individuals, between classes of individuals, by year or on any other basis the compensation committee determines to be appropriate.

The only limitations on the compensation committee's discretion with respect to grants are, in general, (i) no more than 1,000,000 units may be delivered pursuant to awards granted under the LTIP, of which no more than 500,000 may be delivered with respect to restricted unit grants, and the minimum exercise price for options and appreciation rights may not be less than the closing sales price of a unit on the date of grant and (ii) awards may be granted to any of our directors, employees or consultants or any of our affiliates. Like most companies, the compensation committee has decided that it will use the services of a compensation consultant in determining which individuals who perform services (directly or indirectly) for our benefit will receive awards, the type of award or awards, the amount and the performance and vesting terms of such awards. It is anticipated that awards will be made only once a year to employees, in general.

Our Board of Directors and the compensation committee of the Board of Directors have the right to alter or amend the LTIP or any part of the plan from time to time, including increasing the number of units that may be granted, subject to Unitholder approval as required by the exchange upon which the units are listed at that time. However, no change in any outstanding grant may be made that would materially reduce the benefits of the participant without the consent of the participant.

Subject to applicable law or NYSE Arca rules, our Board of Directors may at any time amend or terminate the LTIP without Unitholder approval. The compensation committee may amend or terminate any outstanding award without approval of the participant; however, no such amendment or termination may be made that would otherwise adversely impact a participant, without the consent of the participant.

In keeping with our philosophy that compensation should incentivize executives and create long-term value for our Unitholders, we currently provide the majority of our named executive officer's compensation in the form of long-term incentive compensation. The Longnecker executive compensation report confirms that on average, our executives are currently above the external market midpoint by 119%; however, in combination with base salaries and bonus levels that were significantly below the midpoint, the overall compensation packages for our named executive officers remain only 19% higher than the market midpoint and below the 75th percentile by 19%. While the compensation committee recognizes that this mix of compensation components is somewhat irregular in comparison to the Peer Group, we feel that a large amount of "at-risk" compensation is appropriate to retain and motivate our named executive officers in providing future services to us.

Unit Grants

A unit grant is a unit that is vested immediately upon issuance. In the future, the compensation committee may determine to make grants under the plan to employees and members of our Board of Directors.

Restricted Unit Awards

A restricted unit is a unit that vests over a period of time and that during such time is subject to forfeiture. In the future, the compensation committee may determine to make grants of restricted units under the plan to employees, consultants and directors containing such terms as the compensation committee shall determine appropriate at that time. The compensation committee will determine the period over which restricted units (and distributions related to such units) granted will vest. The compensation committee may base its determination upon the achievement of specified financial objectives. In addition, the restricted units will vest upon a change of control of our company, as defined in the LTIP, unless provided otherwise by the compensation committee.

If a grantee's employment, consulting relationship or membership on the Board of Directors terminates for any reason, the grantee's restricted units will be automatically forfeited unless, and to the extent, the compensation committee or the terms of the award agreement provide otherwise. Units to be delivered as restricted units may be units issued by us, units acquired by us in the open market, units acquired by us from any other person or any combination of the foregoing. If we issue new units upon the grant of the restricted units, the total number of units outstanding will increase.

Unit Option Awards

A unit option is a right to purchase a unit at a specified price. The LTIP permits the grant of options covering units. In the future, the compensation committee may determine to make grants under the LTIP to employees, consultants and members of our Board of Directors containing such terms as the compensation committee shall determine. Unit options will have an exercise price that will not be less than the fair market value of the units on the date of grant. In general, unit options granted will become exercisable over a period determined by the compensation committee, although vesting may accelerate upon the achievement of specified financial objectives. In addition, the unit options will become exercisable upon a change in control of our company, unless provided otherwise by the compensation committee. If a grantee's employment, consulting relationship or membership on the Board of Directors terminates for any reason, the grantee's unvested unit options will be automatically forfeited unless, and to the extent, the option agreement or the compensation committee provides otherwise.

Upon exercise of a unit option (or a unit appreciation right settled in units), we will issue new units, acquire units on the open market or directly from any person or use any combination of the foregoing, in the compensation committee's discretion. If we issue new units upon exercise of the unit options (or a unit appreciation right settled in units), the total number of units outstanding will increase.

Phantom Units

A phantom unit entitles the grantee to receive, upon the vesting of the phantom unit, cash equivalent to the value of the phantom unit or, in the discretion of the grantee, the number of common units equal to the value of the phantom unit. In the future, the compensation committee may determine to make additional grants of phantom units under the plan to employees, consultants and directors containing such terms as the compensation committee shall determine. The compensation committee will determine the period over which future grants of phantom units granted to employees, consultants and members of our Board of Directors will vest. The compensation committee may base its determination upon the achievement of specified financial objectives. In addition, the phantom units will vest upon a change of control of our company, unless provided otherwise by the committee.

If a grantee's employment, consulting relationship or membership on the Board of Directors terminates for any reason, the grantee's phantom units will be automatically forfeited unless, and to the extent, the compensation committee or the terms of the award agreement provide otherwise. Units to be delivered upon the vesting of phantom units may be units issued by us, units acquired by us in the open market, units acquired by us from any other person or any combination of the foregoing. If we issue new units upon vesting of the phantom units, the total number of units outstanding will increase. The compensation committee, in its discretion, may grant tandem distribution equivalent rights with respect to phantom units that entitle the holder to receive cash equal to any cash distributions made on units while the phantom units are outstanding.

Unit Appreciation Rights

The LTIP will permit the grant of unit appreciation rights. A unit appreciation right is an award that, upon exercise, entitles the participant to receive all or part of the excess of the fair market value of a unit on the exercise date over the exercise price established for the unit appreciation right. Such excess may be paid in units, cash or a combination thereof, as determined by the compensation committee in its discretion. Initially, we do not expect to grant unit appreciation rights under our LTIP. In the future, the compensation committee may determine to make grants of unit appreciation rights under the plan to employees, consultants and directors containing such terms as the compensation committee shall determine. Unit appreciation rights will have an exercise price that will not be less than the fair market value of the units on the date of grant. In general, unit appreciation rights granted will become exercisable over a period determined by the compensation committee. In addition, the unit appreciation rights will become exercisable upon a change of control of our company, unless provided otherwise by the committee. If a grantee's employment, consulting relationship or membership on the Board of Directors terminates for any reason, the grantee's unvested unit appreciation rights will be automatically forfeited unless, and to the extent, the grant agreement or compensation committee provides otherwise.

Class B Units

We established a series of Class B units for issuance to management pursuant to our Class B unit plan. We issued 240,000 Class B units and 125,000 Class B units to Messrs. Smith and Robert, respectively in April 2007 and issued 50,000 Class B units to Britt Pence and 5,000 units to Patty Avila-Eady on August 15, 2007. There are an additional 40,000 Class B units available to be issued in the future, though no Class B units were awarded to any executive during the 2008 year. The Class B units have substantially the same rights as the common units and, upon vesting, will become convertible at the election of the holder into common units. Unless the context otherwise requires, all references to our "common units" or our "units" refer collectively to our common units and our Class B units, each representing a membership interest in us.

Retirement and Other Benefits

Termination Arrangements and Change in Control Provisions

We maintain employment and other compensatory agreements with our named executive officers to ensure they will perform their roles for an extended period of time. These agreements are described in more detail elsewhere in this Proxy Statement; please read the "Narrative Disclosure to Summary Compensation Table." These agreements provide for severance compensation to be paid if the officer's employment is terminated under certain conditions, such as following a change in control, involuntary termination, termination by us "without cause," death or disability, each as defined in the applicable agreement.

The employment and other compensatory agreements between us and our named executive officers and the related severance provisions are designed to meet the following objectives:

- *Change in Control.* In certain scenarios, the potential for merger or being acquired may be in the best interests of our Unitholders. As a result, we provide severance compensation to certain executive officers if the officer's employment is terminated following a change in control transaction to promote the ability of the officer to act in the best interests of our Unitholders even though his or her employment could be terminated as a result of the transaction.
- *Termination Without Cause.* If we terminate the employment of certain executive officers "without cause" as defined in the applicable agreement, we are obligated to pay the officer certain compensation and other benefits as described in greater detail in "Potential Payments upon Termination or Change in Control" below. We believe these payments are appropriate because the terminated officer is bound by confidentiality, nonsolicitation and non-compete provisions one year after termination. Both parties have mutually agreed to severance terms that would be in place prior to any termination event. This provides us with more flexibility to make a change in senior management if such a change is in the best interests of the company and its Unitholders.

Perquisites

We believe in a simple, straight-forward compensation program and as such, named executive officers are not provided unique perquisites or other personal benefits. The compensation committee periodically reviews the use of potential perquisites that could result in personal benefits to our named executive officers. Consistent with the compensation committee's strategy, no perquisites or other personal benefits have or are expected to exceed \$10,000 annually for any of our named executive officers.

Retirement Savings Plan

All employees, including our named executive officers may participate in our Retirement Savings Plan, or 401(k) Plan. We provide this plan to help our employees save for retirement in a tax-efficient manner. Each employee may currently make pre-tax contributions of up to \$16,500 of their base salary if they are under 50 years old and \$22,000 of their base salary if they are over 50 years old. We are making "safe harbor" contributions to the 401(k) Plan equaling 4% of compensation (subject to certain adjustments) for each eligible employee, including the named executive officers (up to a maximum amount of \$9,800 for 2009). As contributions are made throughout the year, plan participants become fully vested in the amounts contributed. All amounts that we have contributed to the 401(k) Plan on behalf of our named executive officers are disclosed in the "Summary Compensation Table."

Nondiscriminatory Health and Welfare Benefits

All eligible employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance.

Tax and Accounting Implications

Accounting for Unit-Based Compensation

We account for unit-based payments for all awards under our LTIP in accordance with the requirements of FASB Statement 123(R). The compensation committee reviews the FAS 123(R) grant date value in connection with granting equity awards.

Tax Considerations of Executive Compensation

With respect to Section 162(m) of the Internal Revenue Code (the "Code") and the regulations that accompany it, the deductibility of compensation paid to named executive officers may be limited in certain circumstances. Section 162(m) of the Code prevents us from deducting compensation over the amount of \$1,000,000 for certain of our named executive officers, unless the compensation qualifies as "performance-based compensation" under the Code section and its regulations. We have determined that it is in our best interest and the interest of our Unitholders to comply with the limitations of Section 162(m) of the Code where practicable; however, the compensation committee has determined that it is also necessary to retain flexibility, notwithstanding statutory and regulatory restrictions, in negotiating and implementing our compensation programs, and not all compensation elements will be designed to comply with Section 162(m) of the Code.

Section 409A of the Code governs the payment of deferred compensation. Failure to comply with the requirements of Section 409A of the Code can result in an additional 20% excise tax on noncompliant payments to executives, and we have taken precautions to design both our executive employment agreements and the LTIP to comply with the payment restrictions of Section 409A of the Code or the regulations thereunder.

Unit Ownership Guidelines

We believe that broad-based unit ownership by our employees, including our named executive officers, is the most effective method to deliver superior unitholder returns by increasing the alignment between the interests of our employees and our unitholders. We do not, however, have a formal requirement for unit ownership by any group of employees.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (4) Mr. Pence began his employment on May 15, 2007 and therefore compensation amounts reflected in the table for 2007 only reflect compensation from May 15, 2007 through December 31, 2007.

Narrative Disclosure to the 2008 Summary Compensation Table

The employment agreements and compensation terms for each of our executive officers were generally established on the dates of hire by negotiation with the individual officer and by comparison to the compensation packages of similarly positioned officers of other companies in our industry, such as Linn Energy, LLC and Breitburn Energy Partners, L.P. Mr. Smith was our initial executive officer, and at the time of his hire date, Mr. Smith and Majeed S. Nami, as our sole owner at the time, negotiated Mr. Smith's compensation package, the compensation package of a potential Chief Financial Officer, and the aggregate amount of equity grants to be made to all of management, which consists of the 420,000 Class B units issued prior to the completion of this offering and the 40,000 common units to be issued to employees and/or directors following the completion of this offering. Mr. Robert was hired in January 2007 and his employment agreement and compensation terms ultimately consisted of the terms previously negotiated between Mr. Smith and Mr. Nami in respect of the Chief Financial Officer. Mr. Pence was hired after the Restructuring Plan, and his employment agreement was negotiated between Mr. Pence and Mr. Smith and approved by the members of our Board of Directors in place at that time.

Because of their different positions and responsibilities and dates of hire, our executive officers did not each receive the same compensation terms. For example, Mr. Smith received more Class B units than Messrs. Robert and Pence because of his responsibilities as our President and Chief Executive Officer, and Mr. Robert received more Class B units than Mr. Pence because of his responsibilities as our Executive Vice President and Chief Financial Officer. Further, Messrs. Smith and Robert were employees at the time of and assisted with the completion of the Restructuring Plan. In addition, Messrs. Smith and Robert will each receive an annual grant of phantom units in an amount equal to 1.0% of the outstanding units because of their positions and responsibilities as well as their length of employment.

Scott W. Smith. We have entered into an employment agreement with Scott W. Smith, who serves as our President, Chief Executive Officer and Director. Mr. Nami, as our sole owner at the time we hired Mr. Smith, determined the amount of executive compensation to be paid to Mr. Smith. When negotiating the terms of Mr. Smith's compensation, Mr. Nami and Mr. Smith considered the compensation packages of similarly positioned officers of other companies in our industry, such as Linn Energy, LLC and Breitburn Energy Partners, L.P. Mr. Smith's employment agreement is for a three year term and will renew each year thereafter for a one year term unless cancelled by either party upon 90 days' prior written notice. The compensation consists of a base salary of \$200,000 per year, subject to increases as determined to be appropriate by our Board of Directors who approved an increase to \$225,000 on March 27, 2008 to be effective on May 1, 2008, and health and other benefits as are standard in the industry. Commencing in 2008, Mr. Smith receives annual grants of phantom units in amounts equal to 1.0% of the units outstanding at the time of each grant. Vanguard will bear the cost of said grants. The 2008 phantom units were granted on March 27, 2008 and, pursuant to the employment agreement, in an amount equal to 1.0% of our units outstanding on January 1, 2008. Additional grants will be made each year thereafter that his employment agreement remains in effect. The amount paid in either cash or units on these phantom units will be in an amount equal to the appreciation in value of the units, if any, from the date of the grant until the determination date (the end of our fiscal year), plus cash distributions paid on the units, less an 8% hurdle rate. As the value of our common units on December 31, 2008 was below the grant date value of the phantom units granted to Mr. Smith in 2008, no distribution amounts were paid to Mr. Smith pursuant to such grant of phantom units.

The employment agreement was amended at the time of the Restructuring Plan for purposes of establishing the form of management equity compensation and to reduce the vesting period of such equity compensation from three to two years. The purpose of the reduction in vesting terms was to adjust for the amount of time that we expected to lapse prior to the completion of our initial public offering, and such reduction was the only change in compensation to Mr. Smith.

Richard A. Robert. We have entered into an employment agreement with Richard A. Robert, who serves as our Executive Vice President, Chief Financial Officer and Secretary. Mr. Robert's employment agreement was negotiated between Mr. Robert and Mr. Smith and was approved by Mr. Nami, as our sole owner. When negotiating the terms of Mr. Robert's compensation, Mr. Nami, Mr. Smith and Mr. Robert considered the compensation packages of similarly positioned officers of other companies in our industry, such as Linn Energy, LLC and Breitburn Energy Partners, L.P. Mr. Robert's employment agreement is for a three year term and will renew each year thereafter for a one year term unless cancelled by either party upon 90 days' prior written notice. The compensation consists of a base salary of \$200,000 per year, subject to increases as determined to be appropriate by our Board of Directors who approved an increase to \$225,000 on March 27, 2008 to be effective on May 1, 2008, and health and other benefits as are standard in the industry. In addition, upon the completion of our initial public offering, Mr. Robert received options to purchase 100,000 units at the initial public offering price. The term of these options is five years. Commencing in 2008, Mr. Robert receives annual grants of phantom units in an amount equal to 1.0% of the units outstanding at the time of each grant. Vanguard will bear the cost of said grants. The 2008 phantom units were granted on March 27, 2008 and, pursuant to the employment agreement, in an amount equal to 1.0% of our units outstanding on January 1, 2008. Additional grants will be made each year thereafter that his employment agreement remains in effect. The amount paid in either cash or units on these phantom units will be in an amount equal to the appreciation in value of the units, if any, from the date of the grant until the determination date (the end of our fiscal year), plus cash distributions paid on the units, less an 8% hurdle rate. As the value of our common units on December 31, 2008 was below the grant date value of the phantom units granted to Mr. Robert in 2008, no distribution amounts were paid to Mr. Robert pursuant to such grant of phantom units.

The employment agreement was amended at the time of the Restructuring Plan for purposes of establishing the form of management equity compensation and to reduce the vesting period of such equity compensation from three to two years. The purpose of the reduction in vesting terms was to adjust for the amount of time that we expected to lapse prior to the completion of our initial public offering, and such reduction was the only change in compensation to Mr. Robert.

Britt Pence. We have entered into an employment agreement with Britt Pence, who serves as our Vice President of Engineering. Mr. Pence’s employment agreement was negotiated between Mr. Pence and Mr. Smith and approved by the members of our Board of Directors in place at that time. The agreement is for a three year term and will renew each year thereafter for a one year term unless cancelled by either party upon 90 days’ prior written notice. The compensation consists of a base salary of \$200,000 per year, subject to increases as determined to be appropriate by our Board of Directors who approved an increase to \$225,000 on March 27, 2008 to be effective on May 1, 2008, and health and other benefits as are standard in the industry. In addition, upon the completion of our initial public offering, Mr. Pence received options to purchase 75,000 units at the initial public offering price. The term of these options is five years.

Grants of Plan Based Awards

Prior to the completion of our initial public offering, we granted to Richard A. Robert and Britt Pence options to purchase an aggregate of 100,000 units and 75,000 units, respectively, with an exercise price equal to the public offering price in the initial public offering that are subject to a five year exercise period beginning on the first anniversary of the closing of the initial public offering and immediately vest on the date of grant. These grants were made under our LTIP. The following table sets forth the grants of options, restricted units and Class B units we have made under our LTIP or our Class B unit plan to the named executive officers.

Name	Grant Date	All Other Unit	All Other Option	Exercise or Base Price of Option Awards (\$/Unit) (3)	Grant Date	Grant Date

Non-Qualified Deferred Compensation

We do not have a non-qualified deferred compensation plan and as such, no compensation has been deferred by our named executive officers or our other employees. The Savings Plan is a 401(k) deferred compensation arrangement and a qualified plan under section 401(a) of the Internal Revenue Code (the "Code").

Potential Payments upon Termination or Change of Control

Payments Made upon Termination

Regardless of the manner in which a named executive officer's employment terminates, the executive will be entitled to receive amounts earned (but unpaid) during his term of employment. Such amounts include:

- earned, but unpaid base salary;
- non-equity incentive compensation earned during the fiscal year;
- unused vacation pay; and
- amounts contributed and vested through our Savings Plan.

Payments Made upon Termination or Change-in-Control

Trigger Events. An executive officer's employment agreement will terminate upon the executive's death or upon the executive's disability, which is defined as his becoming unable to substantially perform his duties as an employee as a result of sickness or injury, and shall have remained unable to perform any such duties for a period of more than 180 consecutive days in any 12-month period.

We, by action of our Board of Directors, may also terminate at any time an employment agreement with an executive officer for "cause", which means: (1) the executive officer's commission of theft, embezzlement, any other act of dishonesty relating to his employment with us or any willful and material violation of any law, rules or regulation applicable to us, including, but not limited to, those laws, rules or regulations established by the SEC, or any self-regulatory organization having jurisdiction or authority over the executive officer or us, (2) the executive officer's conviction of, or plea of guilty or nolo contendere to, any felony or of any other crime involving fraud, dishonesty or moral turpitude, (3) a determination by the Board of Directors that the executive officer has materially breached the employment agreement (other than during any period of disability) where such breach is not remedied within 10 days after written demand by the Board of Directors for substantial performance is actually received by the executive officer which specifically identifies the manner in which the Board of Directors believes the executive officer has so breached, or (4) the executive officer's willful and continued failure to perform his reasonable and customary duties pursuant to his position with us which such failure is not remedied within 10 days after written demand by the Board of Directors for substantial performance is actually received by the executive officer which specifically identifies the nature of such failure. We also may terminate at any time an employment agreement for any other reason, in the sole discretion of our Board of Directors.

The executive may terminate his employment agreement for “good reason,” which means: (1) the assignment to the executive officer of duties and responsibilities that are materially inconsistent with those normally associated with his position excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which is remedied by us promptly after receipt of notice given by the executive officer, (2) a reduction in the executive officer’s base salary, (3) the executive officer’s removal from his position as stated in his employment agreement, other than for Cause or by death or disability, (4) the relocation of the executive officer’s principal place of business to a location 50 or more miles from its location as of the effective date of his employment agreement without the executive officer’s written consent, (5) a material breach by us of his employment agreement, which materially adversely affects the executive officer, and the breach is not cured within 20 days after the executive officer provides written notice to us which identifies in reasonable detail the nature of the breach, and (6) our failure to make any payment to the executive officer as required to be made under the terms of his employment agreement, and the breach is not cured within 20 days after the executive officer provides written notice to us which provides in reasonable detail the nature of the payment. Finally, the executive officer may terminate his employment agreement for any other reason, in his sole discretion.

Termination Due to Disability. If the executive officer’s employment is terminated due to his disability, the executive will be entitled to receive on the date of termination (1) all accrued but unpaid base salary, (2) a prorated amount of the executive officer’s base salary for accrued but unused vacation days, and (3) reimbursements for any reasonable and necessary business expenses incurred by the executive officer prior to the date of termination of his employment agreement in connection with his duties (such amounts are collectively referred to as accrued compensation and reimbursements) and (4) a payment equal to the executive officer’s base salary for 12 months. Additionally, any unvested Class B units held by the executive officer will become fully vested and unrestricted.

Termination Due to Death. If the executive officer’s employment is terminated due to his death, the executive, his beneficiary or his estate, as applicable, will be entitled to receive on the date of termination (1) accrued compensation and reimbursements, (2) a payment equal to the executive officer’s base salary for 12 months and (3) amounts payable in either cash or units on any phantom units outstanding at the time of the termination, including amounts payable on any unvested phantom units previously granted to the executive officer that will vest upon such termination. Additionally, any unvested Class B units held by the executive officer will become fully vested and unrestricted.

Termination for Good Reason. If the executive terminates his employment for good reason (as defined above), we shall pay the executive officer (1) his accrued compensation and reimbursements plus (2) a payment equal to the greater of the executive’s base salary for 36 months and the remaining duration of the employment period. Additionally, any unvested Class B units held by the executive officer will become fully vested and unrestricted.

Termination Without Cause. If the executive is terminated without cause during the term of the agreement, we shall pay the executive officer (1) his accrued compensation and reimbursements plus (2) a payment equal to the greater of the executive’s base salary for 36 months and the remaining duration of the employment period plus (3) amounts payable in either cash or units on any phantom units outstanding at the time of the termination, including amounts payable on any unvested phantom units previously granted to the executive officer that will vest upon such termination. Additionally, any unvested Class B units held by the executive officer will become fully vested and unrestricted.

Termination for Cause or Other Than for Good Reason. Upon termination for cause or by the executive other than for good reason (each as defined above), the executive officer is only entitled to accrued compensation and reimbursements. Additionally, any unvested Class B units held by the executive officer will be forfeited to the Company.

Termination upon a Change of Control.

Change of Control. After an Initial Public Offering. In the event a change of control occurs, the executive officers will be entitled to a lump sum severance payment of three year's base salary. Additionally, any unvested Class B units held by the executive officer will become fully vested and unrestricted.

Estimated Payments to Executives. Assuming that each executive was terminated under each of the above circumstances on December 31, 2008 and the value of each restricted unit is equal to \$5.90 per unit, the closing price of our units on December 31, 2008, payments and benefits owed to such executives would have an estimated value as set forth in the tables below.

Non-Competition Provisions

Each executive's employment agreement contains non-competition provisions. If an executive's termination is as a result of the executive's voluntary termination or termination by us for "cause," for a period of one year from the date of termination, the executive will not, directly or indirectly:

- engage in any capacity (i) in any business directly competitive with the business in which we are engaged or (ii) with an entity that is otherwise directly competitive with us within Tennessee and Kentucky;
- perform for any entity engaged in any business directly competitive with the business in which we are engaged any duty the executive has performed for us that involved the executive's access to, or knowledge of, our confidential information;
- induce or attempt to induce any of our customers, suppliers, licensees or other business relations to cease doing business with us or in any way interfere with the relationship between us and any such customer, supplier, licensee or business relation;
- induce or attempt to induce any of our customers, suppliers, licensees or other business relations with whom the executive had direct business contact in dealings in the course of his employment with us to cease doing business with us or in any way interfere with the relationship between us and any such customer, supplier, licensee or business relation; or
- solicit with the purpose of hiring or hire any person who is or, within 180 days after such person ceased to be our employee, was our employee.

Following an executive's termination as a result of an executive's voluntary termination or termination by us for "cause," the executive may have investments in securities which are issued by an entity involved in or conducting business that is directly competitive with our business, provided that the executive, directly or indirectly, does not own more than 5% of the outstanding equity or voting securities of such an entity. The executive is also not prohibited from owning an interest in any entity which conducts business that is directly competitive with our business if such interest was owned when the executive's employment agreement was entered into.

Director Compensation

We use a combination of cash and unit-based incentive compensation to attract and retain qualified candidates to serve on our Board of Directors. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties to us as well as the skill-level required by us of members of our Board of Directors.

Each independent member of our Board of Directors receives Class B units or restricted common units upon becoming a director as well as compensation for attending meetings of the Board of Directors and committee meetings. Beginning with 2009, the amount of compensation paid to the independent members of our Board of Directors is \$10,000 per quarter and an additional \$2,500 per quarter for the chairman of the audit committee. In 2008, the amount of compensation paid to the independent members of our Board of Directors was \$7,500 per quarter and an additional \$2,500 per quarter for the chairman of the audit committee. In addition, each independent member of our Board of Directors is reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees. Each director is fully indemnified by us for actions associated with being a member of our Board of Directors to the extent permitted under Delaware law and as provided in our limited liability company agreement.

Longnecker conducted a review of our director compensation practices at the same time that it conducted our executive compensation practice review. Again using the Peer Group as a comparison, Longnecker presented the compensation committee with market data regarding annual retainers, equity compensation awards and meeting fees. In January of 2009, after considering the Longnecker report and our comparison to the Peer Group regarding director compensation, the compensation committee determined that non-executive directors should receive an additional \$10,000 annually, and were awarded 5,000 restricted common units, to vest on the one year anniversary of the grant date.

2008 Director Summary Compensation Table

The table below summarizes the compensation paid by the Company to independent directors for the fiscal year ended December 31, 2008.

Name (1)	Fees Earned or Paid		
	in Cash	Unit Awards (\$) (2)	Total (\$)
W. Richard Anderson	\$40,000	\$77,124	\$117,124

Bruce W. McCullough	\$30,000	\$70,200	\$100,200
Loren Singletary	\$30,000	\$70,200	\$100,200

- (1) Messrs. Wagene and Smith and Thomas Blake, who resigned as a member of our board of directors on February 27, 2009, are not included in this table as they are not independent directors and thus receive no compensation for their services as directors.
- (2) Reflects the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008 in accordance with FAS 123(R) and include amounts from awards granted in 2007 and 2008.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the beneficial ownership of our units by:

- each Unitholder known by us to be a beneficial owner of more than 5% of our outstanding units;
- each of our directors and named executive officers; and
- our directors and executive officers as a group.

The amounts and percentage of units beneficially owned are reported on the basis of the SEC rules governing the determination of beneficial ownership of securities. Under the SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares “voting power,” which includes the power to vote or to direct the voting of such security, and/or “investment power,” which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he has no economic interest.

Percentage of total units beneficially owned is based on 12,565,873 units outstanding. Except as indicated by footnote, to our knowledge the persons named in the table below have sole voting and investment power with respect to all units shown as beneficially owned by them, subject to community property laws where applicable. Unless otherwise indicated, the address of all of our directors and executive officers is c/o Vanguard Natural Resources, LLC, 7700 San Felipe, Suite 485, Houston, Texas 77063. Ownership amounts are as of March 13, 2009.

**PROPOSAL NO. 2: RATIFICATION OF BDO SEIDMAN, LLP AS
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2009**

Vote Required; Recommendation of the Board of Directors

Approval of the proposal to ratify BDO Seidman, LLP as our independent registered public accounting firm for the year 2009 requires the affirmative vote of a majority of the votes cast by holders of our units present in person or by proxy at the meeting and entitled to vote, assuming a quorum is present. Abstentions and broker non-votes have no effect on this proposal, except they will be counted as having been present for purposes of determining the presence of a quorum.

Unitholder ratification of the selection of BDO Seidman, LLP as our independent registered public accounting firm is not required by our limited liability company agreement or otherwise. We are submitting the selection of BDO Seidman, LLP to Unitholders for ratification as a matter of good corporate practice. If this selection of auditor is not ratified by a majority of the outstanding units present in person or by proxy and entitled to vote at the Annual Meeting, the audit committee will reconsider its selection of auditor. We are advised that no member of BDO Seidman, LLP has any direct or material indirect financial interest in our company or, during the past three years, has had any connection with us in the capacity of promoter, underwriter, voting trustee, director, officer or employee. A representative of BDO Seidman, LLP will attend the Annual Meeting. The representative will have the opportunity to make a statement if he or she desires to do so and to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT UNITHOLDERS VOTE FOR APPROVAL OF THIS PROPOSAL. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED FOR APPROVAL OF THIS PROPOSAL.

On October 14, 2008, the Audit Committee engaged BDO Seidman, LLP to be our independent registered public accounting firm to audit our financial statements for the fiscal year ended December 31, 2008.

Audit Fees. Audit Fees represent fees for professional services provided by our principal accountant in connection with the audit of our annual financial statements and of management's assessment and the effectiveness of internal control over financial reporting included in our Form 10-K, the quarterly reviews of financial statements included in our Form 10-Q filings and other statutory or regulatory filings. For the year ended December 31, 2008, we paid BDO Seidman, LLP Audit Fees in the amount of \$342,200 and UHY LLP Audit Fees in the amount of \$100,681. For the year ended December 31, 2007, we paid UHY LLP Audit Fees, including related services in connection with our initial public offering, in the amount of \$367,144.

Audit-Related Fees. Audit-Related Fees are fees for assurance and related services that are reasonably related to the performance by our principal accountant of the audit or review of our financial statements that are not Audit Fees. There were no Audit-Related fees for the years ended December 31, 2008 and December 31, 2007.

Tax Fees. Tax Fees include professional services performed by our principal accountant for tax compliance, tax advice and tax planning. There were no Tax Fees for the years ended December 31, 2008 and December 31, 2007.

All Other Fees. All Other Fees includes the aggregate fees for products and services provided by our principal accountant that are not reported under "Audit Fees," "Audit-Related Fees" or "Tax Fees." There were no Other Fees for the years ended December 31, 2008 and December 31, 2007.

Resignation of Auditor

On August 27, 2008, UHY LLP advised us that, in light of our employment of a member of the UHY LLP audit engagement team, effective as of September 8, 2008, UHY LLP would no longer be able to serve as our independent registered public accounting firm because it believed it would no longer satisfy the independence requirements necessary to certify our financial statements. UHY LLP did not seek the Company's consent to its resignation. Therefore, UHY LLP's decision to resign was not recommended or approved by the Company's Board of Directors or Audit Committee.

UHY LLP expressed an unqualified opinion on the consolidated financial statements of the Company for the year ended December 31, 2007 and the consolidated financial statements of Vanguard Natural Gas, LLC (formerly Nami Holding Company, LLC) for the year ended December 31, 2006. During the two most recent fiscal years and interim periods preceding UHY LLP's resignation, there were no (a) disagreements with UHY LLP or (b) any reportable events as defined under Item 304(a)(1)(v) of Regulation S-K.

The Company provided UHY LLP with a copy of the above disclosures in response to Item 304(a) of Regulation S-K, and UHY LLP delivered to us a letter dated September 2, 2008, addressed to the SEC, stating that UHY LLP agrees with such disclosures. A copy of this letter is attached as an exhibit to the Form 8-K we filed with the SEC on September 2, 2008.

Audit Committee Pre-Approval Policies and Practices

Our audit committee must pre-approve any audit and permissible non-audit services performed by our independent registered public accounting firm. Additionally, the audit committee has oversight responsibility to ensure the independent registered public accounting firm is not engaged to perform certain enumerated non-audit services, including but not limited to bookkeeping, financial information system design and implementation, appraisal or valuation services, internal audit outsourcing services and legal services. In 2009, we expect the audit committee to adopt an audit and non-audit services pre-approval policy, which will set forth the procedures and the conditions pursuant to which services proposed to be performed by the independent registered public accounting firm must be approved. Pursuant to the policy, the chairman of the audit committee will be delegated the authority to specifically pre-approve services, which pre-approval will subsequently be reviewed with the committee.

For presentation at the next Annual Meeting of Unitholders, pursuant to our limited liability company agreement, any Unitholder who wants to present a proposal at the 2010 annual meeting must deliver it so it is received on or before December 27, 2009, but not earlier than November 27, 2009. These advance notice, informational and other provisions are in addition to, and separate from, the requirements that a Unitholder must meet in order to have a proposal included in our proxy statement under the rules of the SEC.

Any proposals must be sent, in writing, to our Secretary at Vanguard Natural Resources, LLC, 7700 San Felipe, Suite 485, Houston, Texas 77063. Proposals will not be accepted by facsimile.

With respect to director elections held at our annual meetings, our limited liability company agreement provides that to be timely, a Unitholder's notice must be delivered to our Secretary at our principal executive offices not less than 90 days or more than 120 days prior to the first anniversary of the date on which we first mailed our proxy materials for the preceding year's annual meeting. **For a nomination of any person for election to our Board of Directors to be considered at the 2010 Annual Meeting of Unitholders, it must be properly submitted to our Secretary at 7700 San Felipe, Suite 485, Houston, Texas 77063, no later than December 27, 2009, but not earlier than November 27, 2009.** Our limited liability company agreement also provides that Unitholder nominations of persons for election to our Board of Directors may be made at a special meeting of Unitholders at which directors are to be elected pursuant to our notice of meeting provided Unitholder notice of the nomination is timely. To be timely, a Unitholder's notice must be delivered to our Secretary not earlier than the ninetieth day prior to such special meeting and not later than the close of business on the later of the seventieth day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by our Board of Directors to be elected at such meeting.

A Unitholder's notice to our Secretary must set forth (a) as to each person whom the Unitholder proposes to nominate for election or reelection as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and (b) as to the Unitholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made (i) the name and address of such Unitholder as they appear on our books and of such beneficial owner, (ii) the class and number of units which are owned beneficially and of record by such Unitholder and such beneficial owner, and (iii) whether either such Unitholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of a sufficient number of holders of units to elect such nominee or nominees.
